

Quality products. Dedicated service.

At RT London, we are committed to exceeding your expectations with high-quality, American-made furniture. We believe in great design, durability and value—and we've been building our company on that solid foundation since 1989. Our consistent financial stability ensures a strong future. This creates local jobs and enhances our ability to form trusting, long-term relationships with clients in a variety of markets, including higher education, residential, senior living, healthcare and the Government Services Administration (GSA).

Value that lasts.

Value is our core foundation. We do our research, anticipating needs and trends to create long-lasting, relevant products. From lounge and café seating to complete room solutions, we build strong furniture that matches almost any style. If you can't find what you're looking for, just let us know. We will develop a custom solution. And like all of our furniture, it will have a 25-year warranty.

A better way.

Sustainability is the future of our industry and our planet. It's a journey toward a smarter, better way of doing things. We integrate sustainable initiatives throughout our processes, while wisely choosing the materials that go into our products.

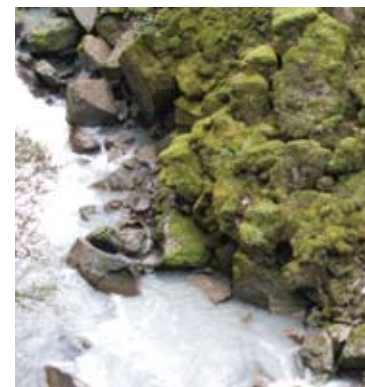

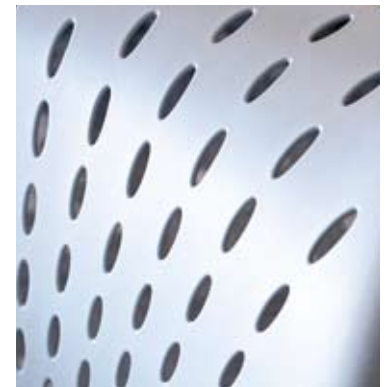

To create our case goods, we use SFI certified wood from carefully managed forests in North America.

We comply with the CARB Initiative, which is a mandatory regulation in California that aims to eliminate the use of added formaldehyde in sheet good products. Plus, our UV finishes won't emit volatile organic compounds (VOCs). Both of these initiatives improve indoor air quality.

We offer several upholstery choices that are made with 100% Terratex® polyester, and our upholstery foam is made with soybeans instead of petroleum. Many of our textiles are woven with renewable resources like solar and wind energy.

Working together.

As our client, we consider you an important partner in our business. We take a personal approach to helping you achieve the goals and objectives of your project. A few of the valuable partnerships we have developed over the years are highlighted here.

“ When we began our relationship with RT London over eight years ago, the tremendous quality of their product sold us right away. They have the ability to make each customer feel like they are the most important customer. Their construction, competitive pricing and 25-year warranty make them the best vendor for a busy housing operation. ”

ANTHONY DONOVAN | Belmont University

AQUINAS COLLEGE | Grand Rapids, MI

“ Our students love the style, the comfort and the engineered flexibility of the furnishings in our newest building. Students were involved in every step of the process. They were impressed with the design details in all of the RT London products, and the fact that using RT London products helped us earn LEED points. I enjoy working with a partner I can trust. ”

RANDY MacGEORGE | Aquinas College

“ UW Madison has used RT London over the past 11 years for our residence halls loft furniture needs. RT London has more than exceeded our expectations in regard to timely delivery, custom orders and great customer service. We plan on using their products for years to come. ”

JULIE BARRETTE
University of Wisconsin, Madison

“ Calvin College has RT London furniture in all the sleeping rooms. Some furniture has been in service for 20 years and it’s hard to tell the old from the new. Last year, we were 100 beds short a month before classes were to start. When school opened, every student had a bed thanks to RT London. Calvin College has been a satisfied customer for 20 years. ”

ADA J. CASTLE | Calvin College

“ Several years ago, we began the search for a new furniture vendor. We were fortunate to be introduced to RT London. It was clear from the start that we had made a great choice because their high level of service, attention to detail and quality has been outstanding. We would recommend them to anyone. ”
