RT LONDON®

Quality products. Dedicated service.

Note: All prices are shown as LIST price, for NET pricing please contact your sales representative HERE.

table of contents

Terms and Conditions

Fabric Price Group 4 and above
We offer Fabric choices up to Grade 20. To calculate the fabric upcharge, simply take the fabric upcharge listed in the Grade 1 column and multiply it by the specified grade of fabric. Then, take this total and add it to the base price of the lounge/chair.

[Grade 1 Fabric upcharge x Fabric Price Group] + Base price of product = Total LIST price

Additional sizes available
Overall product length, width and height dimensions may be changed on most product lines plus or minus 3 inches. These changes would be made on our standard contract pricing of the nearest standard prices item.

General Information
Specifications: A comprehensive specification is available for every item in the price list. For details please ask your authorized marketing agent or call RT London for your copy. All items are made in accordance to industry standards and have met all testing standards required.

Installation
As quoted by RT London.

Order Information
RT London requires all orders in writing to avoid error and/or duplication. Orders must be complete in their description as to finish, color, dimensions and model number where so required.

Cancellations
Orders that have been entered and in the manufacturing process are subject to cancellation charges. No order may be cancelled without the written consent of RT London.

Change to Orders
All changes to orders already acknowledged must be in writing and are subject to the approval of RT London. Changes may result in a change in price and/or a change in shipping dates. In either case a MOD may be requested.

Shipment
Unless the customer specifies specific shipping details, RT London will use the best method of shipping, including routing and carrier.

Damage Claims
RT London does not ship damaged or defective furniture. Shipments are f.o.b. plant and belong to the user upon leaving the RT London plant. Make certain to check all furniture upon arrival. If there is any damage, record those on the Bill of Lading. **DO NOT REFUSE FURNITURE DAMAGED IN TRANSIT**. Note the damages to RT London. If you note that the shipment is clear you have relieved the carrier of his responsibility, therefore check all furniture upon arrival. If you see or suspect concealed damages notify the carrier at once, request an inspection and confirm it in writing. Hold all cartoning, if any, until the shipment is inspected. This must take place within 15 days of delivery. Under no condition shall a claim be deducted from an invoice.

Storage
Customers may request a postponement of an order and ask for storage. Such storage may be arranged at the customer's risk and expense. Such storage may be deemed a complete delivery and an Invoice will be rendered and due.

Returns
No furniture may be returned without the written authorization of RT London. Credit or refund will only be given when the furniture is received in the same condition in which it left the plant. All returns are subject to a restocking charge. Specials are not subject to return.

Designs
Certain RT London designs are covered by US and worldwide design patents and may not be infringed. RT London reserves the right to modify designs, alter styles, use other materials or discontinue models without prior notice.

Warranty
RT London products are covered under a generous warranty.

Wood Seating | Orchestra Collection | Chairs

Wood chair frames are made of premium European Beech. We employ a blend of cutting-edge technology and time-honored woodworking methods to maximize both beauty and durability. The Variations™ program allows you to specify upholstery treatments to create a one-of-a-kind look.

Features

Shared Features

Beech
Superb strength, exceptional grain consistency and superior color clarity make beech wood the best choice for commercial seating.

Construction
Mortise-and-tenon construction has been the hallmark of fine woodworking for centuries. We rely on this time-tested method for maximum joint strength.

Detail differences
We glue, screw and "blind-bolt" back legs together using hardened nuts and bolts, then camouflage the connection with a matching grain plug. Corner blocks are glued and lagscrew-bolted at a mitred angle for exceptional strength and durability. Stretchers are toenail screwed to eliminate the need for unsightly metal brackets.

Variations Upholstery Program

The Variations Custom Upholstery program allows you to create endless upholstery treatment possibilities with our wood chairs.

How to Specify

Example.   1. Model Number/Size   2. Variations™   3. Finish   4. Options

          W504   **V21**   **30**   **Metal**

Step 1.   Identify the Part Number from the succeeding product price pages.

Step 2.   Choose Variations™ style, if specified:
V21 Half-Pullman seat
V31 Full-Pullman seat
V12 Inside Upholstered Back
V15 Upholstered Back
V16 Fully Upholstered Back
V22 Half-Pullman seat with Inside Upholstered Back
V32 Full-Pullman seat with Inside Upholstered Back
V25 Half-Pullman seat with Upholstered Back
V35 Full-Pullman seat with Upholstered Back
V26 Half-Pullman seat with Fully Upholstered Back
V36 Full-Pullman seat with Fully Upholstered Back

Step 3.   Choose the Finish:
01   Natural on Beech
02   Light on Beech
30   Cinnamon Noche on Beech
40   Medium on Beech
50   Chestnut on Beech
60   Cocoa on Beech

Step 4.   Choose Additional Options, if specified.

Step 5.   Choose Seating Fabric.
note: visit www.rtlondon.com design resources to choose from the standard fabric offering.

With so many style and finish choices, we're sure to have a solution that's just right for you.

Features

Shared Features

Construction
Our chairs are manufactured from high-quality plating-grade steel, providing significant strength advantage. All joints are hand-tailored, coped and brazed to maximize strength, create a smooth finish and prevent rust.

Premium glides
Blend pure Nylon 66 with a super-dense additive for unsurpassed wear resistance.

Frame finishes
32 standard powder coat finishes to choose from.

Customized Backs

Several chairs offer a back option that is available with several standard cutouts or create your own custom look.

Artisan II
Chair features a wood or steel back and is available with several standard cutouts. Custom cutouts and engraving are available. Please call factory for pricing.

CA-Cappuccino   DT-Dot   5H-Five, Hold   MX-Matrix   Solid

Melissa Anne and Mama Melissa 574
Feature a wood back that is available with several standard cutouts. Custom cutouts and engraving are available. Please call factory for pricing.

DT-Dot   ST-Star   PF-Picture Frame   MX-Matrix   BD-Bell Dot

SL-Slot   TS-Three Slot

Features

Jill
Jill offers a wood back option that can be customized with cutouts or engraving. Please call the factory for pricing.

How to Specify

Example.	1. Model Number/Size	2. Wood Finish	3. Powder Coat	4. Seating Fabric
	533	**N/A**	**Black Wrinkle**	**SVI-003**

Step 1.   Identify the Part Number from the succeeding product price pages.

Step 2.   Choose Wood Finish, if specified (Wood Seat only)
    01   Natural Beech
    02   Light on Beech
    30   Cinnamon Noche on Beech
    40   Medium on Beech
    50   Chestnut on Beech
    60   Cocoa on Beech

Step 3.   Choose Powder Coat Finish for the Steel chair frame.
    note: see the Surface Materials section for the complete list of Powder Coat finishes.

Step 4.   Choose Seating Fabric, if specified.
    note: see the Surface Materials section for the complete Seating Upholstery offering.

aluminum

Our aluminum chairs are incredibly strong, lightweight and versatile.

Atlantis

Siren

Atoll Barstool

Aluminum | Orchestra Collection | Chairs

Our aluminum chairs are incredibly strong, lightweight and versatile.

Features

Shared Features

Construction
Precision CNC-machinery and carefully engineered weld placement make our aluminum chairs incredibly strong and durable yet surprisingly lightweight.

Finish
Available in a classic brushed aluminum finish or a powder-coated paint.

Details
Working with aluminum takes as much skill and craft as woodworking. The attention to detail is evident in the graceful contours of our chairs and the invisible welds at joints.

Seat options
Seats are available in aluminum, upholstered or wood options. All-aluminum models are ideal for outdoor use.

Statement of Line

Atlantis with Wood Seat

Siren with Aluminum Seat

Atoll with Upholstered Seat

Tables | Orchestra Collection

It's easy to find just the right table to compliment any setting. Our Orchestra Table Collection features a wide range of styles, materials and edge choices to choose from.

Features

Construction
Our bases are made of high strength steel that is 30% stronger than the average steel. Raw steel table bases are cleaned, phosphate primed, powder-coat painted and oven-baked with auto-grade finishing materials.

Columns are heavy-wall tubes made of 14-gauge steel. Top plate is stamped high-strength steel. All connections are hard-welded using our state-of-the-art machinery and a deep penetration welding process that maximizes strength.

Labor Saver Attachment
Our top mounting plates and columns are unique to the industry. The mounting plate is hard-welded to the column. It attaches easily to our pre-driller table tops.

Optional Accessories

Fixed Pub Height Table
Most base heights can be increased. Standard dimension for Fixed Pub Height Table is 42" nominal with top. Please call for pricing.

Foot Rings (Pub Height)
19" diameter foot supports that are hard-welded to the vertical column. Available on most designs. Please call for pricing.

Purse Shelf
"Under-Top" option for accommodation of purses, coats, bags, etc. at bar tables. Each shelf has four storage hooks affixed to the bottom of the shelf. Standard size is 15" round; identical to top. Please call for pricing.

Self-Leveling Glides
A patented product that self-levels table bases on uneven floors. Please call for pricing.

Table-Flip Mechanism
A heavy H.D. steel assembly that allows the table top to flip to a vertical position. Usually specified to accommodate table storage. Available on sizes up to 48".

Table-Fold Mechanism
Allows "T" bases to fold. Typically for storage purposes. Available on most non-cast iron products. Please call for pricing.

Optional Accessories

Table Connectors
Used to join square and rectilinear tables together for reconfiguring space. Please call for pricing.

Standard includes for Zeus Table Series:

- Laminate top with vinyl T edge profile
- Cast iron base, steel column. Finishes: Black Ink or Black Wrinkle, standard.
- Adjustable leveling glides on base
- Tops 144" and longer are made in two pieces
- Shipped ready to assemble

Options available:

- EdgeAL: aluminum edge profiles
- EdgeLO: laminate overlay edge profiles
- EdgeV: vinyl waterfall and bullnose edge profiles
- EdgeWB: wood edge profiles
- See Understanding pages for complete list of edge profile options and accessories
- Additional finishes available at an upcharge.

Latte (Available on Student and Tango chairs, only)
Chestnut Maple
Natural Maple
Cocoa Maple
Cinnamon Noche Maple

Fabric & Custom Finish Options

If our standard surface materials don't offer what you are looking for, we've made it easy to customize a solution

CSM Fabrics

Customer Specified Material. Still looking for the perfect fabric? We've made graded in easy. Simply let your sales representative or Customer Service know what fabric you would like on your furniture and we will grade it in. Pricing will vary depending on the fabric cost. Once fabric is approved, we handle procuring the necessary yardage for your furniture. CSM fabrics are applied across the roll, unless otherwise specified.

COM Fabrics

Customer's Own Material. Contact Customer Service to arrange your own fabric on our lounge and seating products. We can provide you with the yardage that is required and you have fabric shipped directly to one of our manufacturing plants. We ask that a sample be sent to us so we can make sure it will work on our lounge or seating products. Once the fabric has been approved, we will notify you that we can proceed with accepting your fabric and producing your order. For COM pricing, use the Price Grade 1 upgrade. COM fabrics are applied across the roll, unless otherwise specified.

CAL 133

California Technical Bulletin 133. CAL133 is a standard for public buildings or public assembly areas that have areas containing 10 or more pieces of seating. Most of our products can be modified to comply with CAL 133 requirements. Contact Customer Service for pricing and approved CAL133 products.

Custom Finishes

Our standard wood and laminate finishes offer a wide variety, however we offer custom finishes to meet the design needs of our customers. Contact Customer Service to discuss our custom finish capabilities.

Additional information regarding CSM & COM Fabrics

Fabrics are applied across the roll [warp horizontal or railroaded are other commonly used terms] unless otherwise specified. Upholstering furniture across the roll allows no seams on sofa backs, settee backs and other larger pieces. Fabric direction varies on samples from textile companies. We encourage you to contact the textile manufacturer for clarification to ensure your furniture gets upholstered how you intended.

Please note, additional yardage may be required based on fabric repeat, pattern, width of role and upholstery direction. Once fabric is selected, Customer Service can determine if additional yardage will be required.
