## Terms and Conditions

### 3 GSA Contract

#### Fabric Price Group 4 and above

We offer Fabric choices up to Grade 20. To calculate the fabric upcharge, simply take the fabric upcharge listed in the Grade 1 column and multiply it by the specified grade of fabric. Then, take this total and add it to the base price of the lounge/chair.

$$[\text{Grade 1 Fabric upcharge} \times \text{Fabric Price Group}] + \text{Base price of product} = \text{Total LIST price}$$

#### Additional sizes available

Overall product length, width and height dimensions may be changed on most product lines plus or minus 3 inches. These changes would be made on our standard contract pricing of the nearest standard prices item.

**General Information**

Specifications: A comprehensive specification is available for every item in the price list. For details please ask your authorized marketing agent or call RT London for your copy. All items are made in accordance to industry standards and have met all testing standards required.

**Installation**

As quoted by RT London.

**Order Information**

RT London requires all orders in writing to avoid error and/or duplication. Orders must be complete in their description as to finish, color, dimensions and model number where so required.

**Cancellations**

Orders that have been entered and in the manufacturing process are subject to cancellation charges. No order may be cancelled without the written consent of RT London.

**Change to Orders**

All changes to orders already acknowledged must be in writing and are subject to the approval of RT London. Changes may result in a change in price and/or a change in shipping dates. In either case a MOD may be requested.

**Shipment**

Unless the customer specifies specific shipping details, RT London will use the best method of shipping, including routing and carrier.

**Damage Claims**

RT London does not ship damaged or defective furniture. Shipments are f.o.b. plant and belong to the user upon leaving the RT London plant. Make certain to check all furniture upon arrival. If there is any damage, record those on the Bill of Lading. **DO NOT REFUSE FURNITURE DAMAGED IN TRANSIT.** Note the damages to RT London. If you note that the shipment is clear you have relieved the carrier of his responsibility, therefore check all furniture upon arrival. If you see or suspect concealed damages notify the carrier at once, request an inspection and confirm it in writing. Hold all cartoning, if any, until the shipment is inspected. This must take place within 15 days of delivery. Under no condition shall a claim be deducted from an invoice.

**Storage**

Customers may request a postponement of an order and ask for storage. Such storage may be arranged at the customer's risk and expense. Such storage may be deemed a complete delivery and an Invoice will be rendered and due.

**Returns**

No furniture may be returned without the written authorization of RT London. Credit or refund will only be given when the furniture is received in the same condition in which it left the plant. All returns are subject to a restocking charge. Specials are not subject to return.

**Designs**

Certain RT London designs are covered by US and worldwide design patents and may not be infringed. RT London reserves the right to modify designs, alter styles, use other materials or discontinue models without prior notice.

**Warranty**

RT London products are covered under a generous warranty.

## Alcove

### features

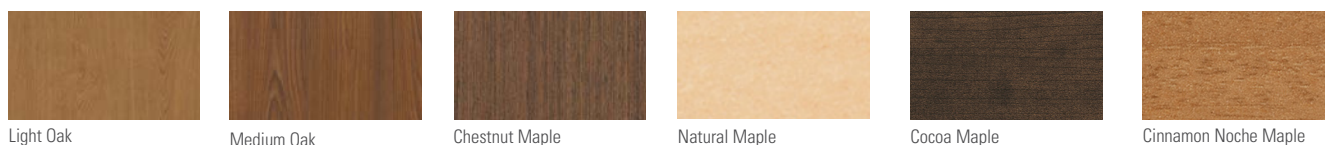

- Clean lines and metal accents combine to create a contemporary aesthetic.
- Flexibility with movable shelves. The integrated holes contribute to its modern design and are functional - allowing the metal shelves to be repositioned anywhere along the headboard, footboard or wing panels.
- Integrated work space. Desk height aligns with fixed shelf on storage hutch to create additional work space. Tackboard is available.
- Space saving solutions. Stacking drawers tuck beneath bed or can be stacked 5-high to maximize floor space.
- Support sustainable forestry practices by sourcing SFI certified wood panels in the manufacturing of our furniture.

## Essix

### features

- Contemporary design. Clean, crisp lines and metal accents create a modern aesthetic that students love.
- Ample storage. Drawers are extra large and deep to hold bulky items.
- Box storage units leverage vertical space. Shelves have cutouts at back to neatly manage cables throughout.
- Multi-functional desk. Removable drawer can be repositioned to support right- or left-hand applications; pull-out shelf provides additional space for materials; large work surface supports collaboration and technology.
- Bed is height-adjustable and can be bunked or lofted without tools.
- Integrated coupler at every post assures a secure connection at every post with no loose hardware to manage.
- Easy access to power with integrated desk-height power option.
- Material options: choose from hardwood veneer plywood or laminate with engineered wood core.
- Dovetail or dowel drawer box construction with removable drawer front, waterproof vinyl bottom and open to 3/4 of its depth.
- Support sustainable forestry practices by using SFI certified wood panels in the manufacturing of our products.
- Laminate panels are environmentally friendly. They are EPP (Environmentally Preferred Product) certified and are made using 100% pre-consumer recycled and recovered wood fiber, which saves trees and avoids landfills.

Room Solutions

## Maxwell

### features

- Beautiful mix of wood and metal materials create a contemporary, yet classic solution.
- Open style base offers a lighter scale aesthetic and a more residential look and feel. Wood or steel base for two distinctive looks.
- Designed to meet the needs of the most demanding environments. Crafted using 1" hardwood veneer plywood sides with  $\frac{3}{4}$ " back panel.
- Integrated power in desk surface provides easy access right where it's needed.
- Change the look with choice of 3 different pulls.
- Steel accents and pulls are available in silver finish.
- 2 bed solutions — adjustable height and on-the-floor to support a wide range of applications. Maxwell beds are designed to blend with our other caseload solutions as well.
- Support sustainable forestry practices by using SFI certified wood panels in the manufacturing of our products.

## **MFS** **MFS Renew** Room Solutions

## MFS

### MFS and MFS Renew

Both MFS and MFS Renew offer the same features and benefits and are interchangeable with each other. The only difference is the removal of the decorative solid wood corner joint to create the MFS Renew furniture pieces. This results in a more streamlined aesthetic and a lower price option.

MFS

MFS Renew

### features

- Built-in flexibility. Modular components stack and can be rearranged to create unique room configurations.
- Simple. Designed to be simple to rearrange so it can be done quickly, easily and safely - without tools.
- Versatile. Beds can be placed on the floor, bunked or stacked on furniture to create trundled or lofted layouts.
- Solid construction. Designed to be climbed on, rearranged and stand up to student use year after year.
- Furniture components are 1" hardwood veneer plywood with 3/4" back panel using glue and dowel construction with reinforced cleats for long-lasting durability.
- Dovetail drawer box construction with removable drawer front, waterproof vinyl bottom and open to 3/4 of their depth.
- Laminate work surface with 3mm edge band.

Room Solutions

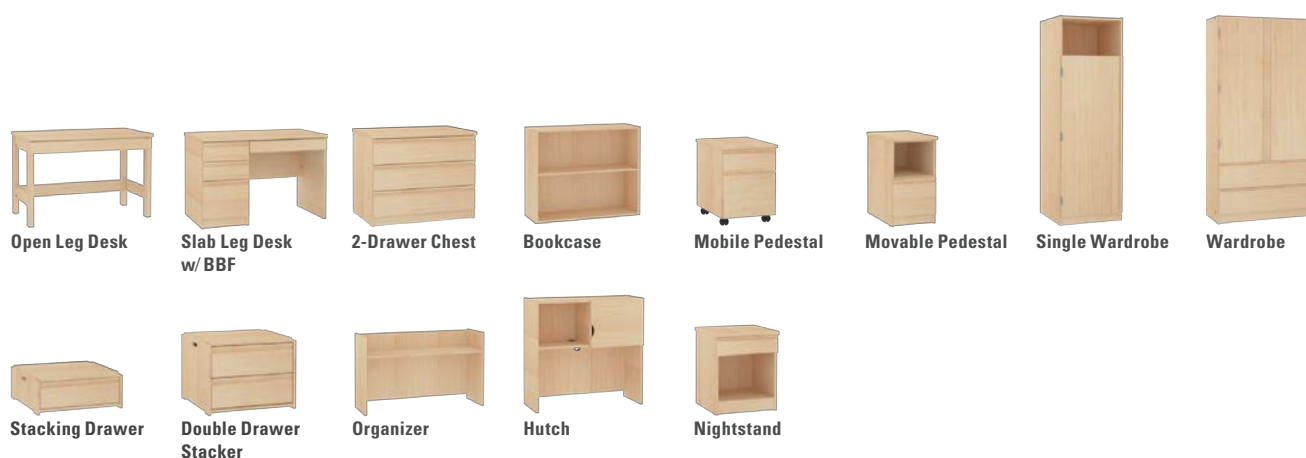

## RH Series

### features

- Expansive line of desk and storage pieces with a streamlined look to blend with any of our Bed Solutions.
- Glue and dowel or dry-fit construction method. The "dry-fit" construction method uses exposed metal-to-metal fasteners and allows components to be easily replaced in the field without having to invest in an entirely new unit.
- Aesthetic choices. Solid hardwood drawer fronts feature two integral pull choices or an aluminum bar pull for a more contemporary look.
- Constructed using Hardwood veneer plywood panels.
- Dovetail or dowel drawer box construction with removable drawer front, waterproof vinyl bottom and open to 3/4 of their depth.
- Support sustainable forestry practices by using SFI certified wood panels in the manufacturing of our products.

#### CSM Fabrics

Customer Specified Material. Still looking for the perfect fabric? We've made graded in easy. Simply let your sales representative or Customer Service know what fabric you would like on your furniture and we will grade it in. Pricing will vary depending on the fabric cost. Once fabric is approved, we handle procuring the necessary yardage for your furniture.

#### COM Fabrics

Customer's Own Material. Contact Customer Service to arrange your own fabric on our lounge and seating products. We can provide you with the yardage that is required and you have fabric shipped directly to one of our manufacturing plants. We ask that a sample be sent to us so we can make sure it will work on our lounge or seating products. Once the fabric has been approved, we will notify you that we can proceed with accepting your fabric and producing your order. For COM pricing, use Price Grade 1 upcharge.

#### CAL 133

California Technical Bulletin 133. CAL133 is a standard for public buildings or public assembly areas that have areas containing 10 or more pieces of seating. Please contact Customer Service for pricing and approved CAL133 seating products.

## Fabric & Custom Finish Options

---

If our standard surface materials don't offer what you are looking for, we've made it easy to customize a solution

### **CSM Fabrics**

Customer Specified Material. Still looking for the perfect fabric? We've made graded in easy. Simply let your sales representative or Customer Service know what fabric you would like on your furniture and we will grade it in. Pricing will vary depending on the fabric cost. Once fabric is approved, we handle procuring the necessary yardage for your furniture. CSM fabrics are applied across the roll, unless otherwise specified.

### **COM Fabrics**

Customer's Own Material. Contact Customer Service to arrange your own fabric on our lounge and seating products. We can provide you with the yardage that is required and you have fabric shipped directly to one of our manufacturing plants. We ask that a sample be sent to us so we can make sure it will work on our lounge or seating products. Once the fabric has been approved, we will notify you that we can proceed with accepting your fabric and producing your order. For COM pricing, use the Price Grade 1 upgrade. COM fabrics are applied across the roll, unless otherwise specified.

### **CAL 133**

California Technical Bulletin 133. CAL133 is a standard for public buildings or public assembly areas that have areas containing 10 or more pieces of seating. Most of our products can be modified to comply with CAL 133 requirements. Contact Customer Service for pricing and approved CAL133 products.

### **Custom Finishes**

Our standard wood and laminate finishes offer a wide variety, however we offer custom finishes to meet the design needs of our customers. Contact Customer Service to discuss our custom finish capabilities.

### **Additional information regarding CSM & COM Fabrics**

Fabrics are applied across the roll [warp horizontal or railroaded are other commonly used terms] unless otherwise specified. Upholstering furniture across the roll allows no seams on sofa backs, settee backs and other larger pieces. Fabric direction varies on samples from textile companies. We encourage you to contact the textile manufacturer for clarification to ensure your furniture gets upholstered how you intended.

Please note, additional yardage may be required based on fabric repeat, pattern, width of role and upholstery direction. Once fabric is selected, Customer Service can determine if additional yardage will be required.
